Bachelor of Arts, Digital Media

University of Central Florida, Orlando, FL

Graduated December 2015

SKILLS

HTML5/CSS3

Photoshop

jQuery

Bootstrap

Javascript

Responsive Design

JSON/APIs

AWS

Sass

EXPERIENCE

Platinum Advisor Strategies

January 2016 – present

Front-end developer, working with a team that manages hundreds of client sites. Created tools to help team manage tasks and streamline workflows.

Fifty5oh

September 2015 – June 2016

Lead web designer, worked with clients directly to communicate designs and technical ideas. Held weekly status meetings to keep remote clients updated and in the loop on the project. Distributed team, used Slack to communicate.

Freelance

Late 2013 – March 2016

Worked with several small businesses and individuals to make websites that best fit their needs. Handled production from Photoshop mockups to HTML prototypes to deploying a live site.
